

**Chaparral High School**  
**2nd Annual**  
**College Kickoff Day**  
**October 11, 2017**

# The Plan

- 9th grade to take PSAT 8/9
- 10th grade to take PSAT/NMSQT
- 11th grade to take ASVAB & PSAT/NMSQT
- 12th grade to participate in conference-style sessions

# The Prep

- Book speakers for Senior Conference (May/June)
- Send detailed email to parents explaining the plan for each grade level
- Make posters for all Senior teachers to post advertising Senior Conference
- Email staff about planned events
- Promote "College Shirt Wednesdays"
- ASB to plan Senior Breakfast
- Counseling/Admin to prep testing booklets
- Reserve Chromecarts
- Assign teachers
- Pre-sale for Senior Lunch

# Discover Your AP Potential

There are many reasons to take [AP courses and exams](#): You can save time and money in college, stand out in the admission process, earn academic scholarships and awards, and build skills and habits that will help you succeed in your life after high school.

Not sure which AP course to take? Your scores on the PSAT/NMSQT® can help you decide which ones might be right for you. When you access your scores online, our AP Potential tool shows you which AP courses you're likely to do well in. Here's what to do:

1. [Sign in to your score report.](#)
2. From the dashboard, select the AP Potential tab.
3. Scroll down for a list of AP courses and look for your own AP Potential indicator next to each. (To see what the indicators mean, check the key at the top of the page.)
4. You can see which of the courses are offered in your school.
5. You can also see which courses match a college major that you told us you're interested in.

Make a list of the AP courses that seem like good matches for you and schedule a meeting to talk about your list with a teacher or counselor. You can prepare for the meeting by using the AP Student [conversation starter](#).

And remember, the AP Potential tool gives you just one indicator of your readiness for AP. You may show readiness for AP in other ways — your grades, your interest in the subject, or your success in earlier courses, for example. Talk to a teacher or counselor about your next steps for taking AP.

## Next steps

- [View AP course calendar](#)
- [Follow @APforStudents on Twitter for program updates](#)
- [Subscribe to AP on YouTube](#)
- [Read the AP Brochure in English or Español](#)

Interested in taking an AP course? Talk to your teacher or counselor about next steps.
