# DL Strategies to Connect With Students

- Creating a counselor link and teacher shares it in private chat
- Go Guardian
- Zoom Drop In Time
- Gaggle

A screenshot of a Zoom meeting interface. The main window displays a student named Elicia taking a quiz on the AlcoholEdu platform. The quiz question is: "Which of the following is true about standard drinks?" with four options: "Most mixed drinks contain exactly one standard drink.", "Beer can contain no more than 6% alcohol by volume.", "Most glasses hold more than one standard drink.", and "All of the above". The Zoom interface includes a top bar with "Student Activity" and "Chat 1" tabs. The chat window is open, showing a conversation between the teacher (EA) and the student. The teacher asks, "How are you today?" and the student replies, "I'm doing well". The teacher then says, "That is great! I hope you have a great weekend!" and the student replies, "I hope you have a great weekend too!". The chat window also shows a "Send announcement" button and a "Call student" button.

**Q & A**

The image features a dark blue arrow pointing to the right, set against a light blue background. The text "Q & A" is written in white, bold, sans-serif font on the arrow. At the bottom, there is a horizontal orange bar with a slight 3D effect, pointing to the right.
