Governor Newsom's FAFSA and CA Dream Act Budget

The Governor's Proposal on LEA confirmation calls for LEAs (i.e., school districts, county offices of education, or charter schools) to ensure that their seniors either complete and submit the FAFSA or CADAA beginning in the 2021-22 academic year, or opt-out of doing so. This proposal:

- Sets the start date as 2022-23 school year, and says LEA governing boards must confirm either:
 - Students complete the FAFSA or CADAA;
 - Parents or emancipated students complete a written opt-out, or;
 - LEAs complete an extenuating circumstance waiver.
- Designates LEAs to connect parents and students with services or programs run by the California Student Aid Commission (CSAC) to help them complete forms;
- Ensures that any information shared in compliance with this proposal abides by state and federal privacy laws;
- Confirms LEAs have discretion on implementation;
- Declares this activity, if approved by the Commission on State Mandates, is a reimbursable mandate for LEAs.

Assemblymember Eloise Gomez Reyes- 47th District
AB 469 requires Local Educational Agencies (LEA's) to ensure that high school seniors complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA). The intent of this bill is to improve students' access to financial aid resources that require completion of these forms, such as the Community College Promise program. By connecting students to critical financial aid, AB 469 supports the Governor's and legislature's vision to increase access to higher education.
