

Middle School Counselors' Re-Entry: Strategies for Returning to Campus

Presented by: Dr. Sandra Logan-McKibben, NCC, NCSC, DCC, ACS

April 13, 2021

Q: Where can we reference this data about students struggling pre-pandemic compared to now?

A: You can reference this data through the National Education Association.

Q: How have COVID-19 transmissions been in school since the reopening?

A: Transmission in schools have NOT been a critical issue here in the South Florida area. IMPORTANT PHRASE: Inform, Practice, & Enforce...

Q: Can you share about the daily SEL structure, you mentioned you had it, then took it away, now its back. Is it rolled out to students during a homeroom or during a specific class period?

A: Some School Counselors do meetings the first fifteen minutes of the day and others do them before or after third period. It depends on your schedule and on instruction schedules. Having the teacher's support also helps. Morning meetings/circles can be an effective way to start back in the classroom. Establishing those norms/procedures is key.

Q: How can I get the resources and links, also will you share your needs assessment with us?

A: This presentation, questions/answers (FAQ doc) and welcome slides will be made available for FREE on www.rcec.us after creating a FREE account.

Q: Is the daily SEL Available to us to send to our teachers or is that something that needs to be purchased??

A: All resources and links are FREE and will be provided after this presentation.
