WEBINAR SERIES

In our efforts to support a successful transition to our local community colleges, our new Cal-SOAP program is working closely with Moreno Valley College and Mt. San Jacinto Community College to host workshops that will provide the latest updates on their matriculation process, CTE programs, First Year Experience programs, etc.

These workshops do not replace any pre-existing training or plans your district may have already scheduled at a counseling meeting, but just another opportunity to receive the latest updates to support your class of 2021 students and families.

Moreno Valley College 101 workshop was **March 18, 2020 from 10:30 a.m. - 12:00 p.m.**

Recording can be viewed at www.rcec.us

Mt San Jacinto College 101 workshop on **March 24, 2020 from 1:00 p.m. - 2:30 p.m.**

Register at: <http://rcoe.k12oms.org/2183-200286>

Please email Cherrie Cunningham at ccunningham@rcoe.us if you have any questions.

WEBINAR SERIES

- This meeting is being recorded so that others may listen to it at a later time for reference and will be uploaded to the RCEC YouTube page as well as www.rcec.us once you log in to access the content of the webinar series.
- Please use the chat feature to ask your questions or we will give you the ability to unmute your mic at the end of the presentation.
- A copy of the PowerPoint and recording will be made available to all participants at the end of the presentation as well.

****Every effort has been made to ensure the security of this webinar from “zoombombers” but in the event that we experience that, please stay calm and we will resume as soon as the technical difficulties have been resolved.****

Students should plan to arrive 5 minutes early and login to msjc.craniumcafe.com and use their MSJC login credentials on the day of their registered session. Please contact counseling@msjc.edu for any questions or concerns.

Accommodation Service Center

Formerly known as DSPS

Why we are a vital component for student
success!!!!

A group of four students are sitting around a table in a library, engaged in a study session. A young man in a grey t-shirt is smiling and looking towards a young woman with glasses who is holding a document. Another young woman is looking at a laptop on the table, and a fourth student is partially visible in the foreground. The background is filled with bookshelves. The image has a semi-transparent orange overlay on the left side.

What role do we play
in academic success??

We offer IN-CLASS accommodations

FYE Counselors

Dedicated FYE Counselors will help you complete an Educational Plan - your roadmap to a Guided Pathway! FYE Counselors will ensure you stay on for graduation, you are on the right path to transfer, and that you are connecting to the college culture by meeting with an FYE Student Mentor. You can receive academic, career, transfer, personal, and crisis counseling at our office.

FYE Mentors

A dedicated team of FYE Mentors who are students like you but with experience, are here to help YOU! FYE Mentors work with incoming students to build effective study habits, navigate the college process and technology, and direct students to the various programs and services offered on campus. FYE students are able to connect with a mentor via MSJC email, Zoom online meetings and later, face-to-face.

Counselor Considerations

- Math and English placement - encourage your students to complete the highest levels possible, especially for the following majors:
 - *Business
 - *Computer Science
 - *Any other STEM majors
- Emphasize with students the importance of meeting with their Pathways Counselor 1-3 times PER semester

Counselor Considerations

- College course credit - encourage high school students to complete coursework that will count for early college credit
 - *Dual enrollment credits (ensures college credit)*
 - *Articulation Credit*
 - *AP / IB exams (not as guaranteed as Dual Enrollment)*
- Ensure that students orders final scores and/or final transcripts and have them sent to MSJC
- Understand that the receiving institution is the one that determines how credit is awarded
